In Dr. Scoville's absence I am taking the liberty of answering your letter of 5 July forwarding certain documents.

We would like to thank you for your thoughtfulness in providing us with the ideas contained therein. We are circulating them among the interested members of our organization. I am informed that you have already discussed these at some length with a sister organization who has a primary mission for this field of endeavor. Therefore, I feel you have made the proper contact.

We are, of course, familiar with your organization through your other contacts, but if you wish to discuss other items with us we should be happy to do so.

Sincerely yours,

SIGNED
